

***SinterCast is the world's leading supplier of process control technology for the reliable high volume production of Compacted Graphite Iron (CGI). As a specialist supplier of precision measurement and process control solutions to the metals industry, SinterCast also supplies a suite of tracking technologies, including the SinterCast Ladle Tracker® and SinterCast Cast Tracker® to improve process control, productivity and traceability in a variety of applications.***

We now seek to expand our Software Engineering Team with the following new position:

## **Senior Software Developer**

We are looking for an individual with a university degree, and at least 5 years of experience in software development in larger teams. You need to be skilled in C++/C# with focus on Windows platforms. Swedish and English skills are required (spoken and written).

You will be involved in

- Sharing responsibility for the SinterCast software platform, with focus on improved stability.
- Implementing test cases and verification procedures.
- Participating in product development and R&D activities.
- Providing technical support for the SinterCast software systems.

You have experience in

- TCP/IP
- SQL
- GIT, Bitbucket
- SharePoint

Knowledge in C programming, Linux and DevOps is beneficial but not mandatory.

This position offers exciting opportunities for a self-motivated and flexible individual who has the interest of evolving within a small but growing international company. You will be part of an innovative and professional team. We hope for a long-term commitment with the right person. SinterCast is active in Europe, Asia and the Americas. This position is based at our Technical Centre in Katrineholm, Sweden and offers opportunities for international travel.

*For further information contact Roger Andersson, Chief Engineer - Software Development, telephone +46 70 37 49 549. Send your written application marked "Software Developer" before 30 October 2020 by e-mail to: [roger.andersson@sintercast.com](mailto:roger.andersson@sintercast.com).*
